

CHAMP CLARK'S HOUN' DAWG'S DAY FOR HOWLING

Outbreak When Reference Is Made to Missourian In White House

WOMAN'S SLAYER GOES TO PRISON ON SENTENCE FOR LIFE

CHAPTER IN THE KILLING OF AN INFATUATED WOMAN IN CHICAGO

(By Associated Press.)
CHICAGO, March 31.—A jury found John B. Koesters guilty of murdering Mrs. Emma Craft of Cincinnati in a hotel here with a hammer blow on the head. Koesters was sentenced for life. The crime was committed in November, 1912. The woman, aged 60, was infatuated with Koesters. That money was the motive of the crime was charged. Koesters was arrested in San Francisco after a nation-wide search.

CREDITORS FIND REPRESENTATIONS ARE NOT CORRECT

ERNEST MAU BADLY INVOLVED IN A FINANCIAL ENTANGLEMENT

The business affairs of Ernest Mau are not in a good shape as represented to friends when the divorce suit was filed by his wife last week. Instead of having a stock of \$3000 and owing less than \$2000 it is contended that the liabilities will exceed \$11,000 and that the partnership store at Eureka will be involved by the disaster. The estate will probably pay 75c on the dollar.

This is the statement of W. F. Mau, brother of the missing man, and Chester F. Paul of San Francisco, representing a sister of the Mau. The chief creditor is New Steiner Brothers of San Francisco, where the Mau held first class credit. A representative of the San Francisco Board of Trade is in possession of the store and an effort will be made to secure a valuable piano, now at the late residence of the Mau, which is said not to be community property. W. F. Mau says his brother did not go to Eureka when he left Tonopah.

GUN CLUB ORDERS A CARLOAD OF BLUE ROCKS

In preparation for the big tournament in June, the White Pine Rod and Gun Club is securing quotations on a carload of blue rocks. This is equal to 100,000 of the milder birds. Orders for 50,000 rounds of specially loaded ammunition will also be placed. Preparations for the big shoot involve lots of work and a large cash outlay, but the officers and members of the club are tackling the job with a will and are sparing no pains to make the tournament a success. It is expected that at least 100 marksmen from outside points will be in attendance.—Ely Record.

TELEGRAPH OFFICE TO KEEP OPEN TO MIDNIGHT

E. M. Lewis has been adding to the operating force of the Western Union and the office, which has been closed after 10 o'clock each evening, will remain open hereafter until 1 a. m. This will prove quite an accommodation as it means that the rival Postal Telegraph Company will observe the same hours.

6,000 Coal Miners Quit Work Today

(By Associated Press.)
MARTIN'S FERRY, O., March 31.—Because coal operators of this section refused to sign the new scale based on the run of mine law, which becomes operative May 26, 6,000 miners quit today.

LYNCH A NEGRESS TO AVENGE THE DEATH OF A WHITE MAN

OKLAHOMA MOB OVERPOWERS ONE ARMED GUARD AND TAKE PRISONER

(By Associated Press.)
MUSKOGEE, Okla., March 31.—Maria Scott, a negress, who drove a knife into the heart of a youthful white man Sunday, was dragged from jail early today and lynched to a telephone pole. A masked mob overpowered the one armed jailer, threw a rope over the negress' head and dragged her to the scene of her death.

AUTO FOR HOISTING ORE FROM SHAFT COPPER CANYON

TWO WELL KNOWN CAPITALISTS SHOW A NEW TRICK IN RAISING ROCK

Ole Elliott and Kid Highley have introduced ideas from the southern country in their operations at Copper Canyon, where they are conducting a promising mining prospect with the aid of an automobile for hoisting rock. The machine is the one they regularly use for traveling on business and pleasure but, instead of allowing the investment of \$2500 to lie idle when they are busy at the mine, they hitch it up to the hoist and make the machine earn interest on the investment. The shaft is down only 30 feet and, for the present, a tripod is used. To this a block and tackle device is attached, making a regular whip hoist. To one end of the cable the auto is attached when hoisting is done, and, as the signal is given that the bucket is filled, the machine walks away with the end of the rope and then backs up to lower until the rear wheels hit a bumper near the collar of the shaft. This makes quick and inexpensive hoisting and is proving a great time saver that might be copied with advantage by other prospectors.

ONE MORE SHIPPER OPEN IN GOLDFIELD

THREE FEET OF GOOD ORE REVEALED ON INTERMEDIATE LEVEL

Three feet of ore, which, judging from its appearance, will easily run \$40 a ton, was revealed this morning by a south crosscut recently started from the east drift on the 260-foot intermediate level of the Victor shaft on the property of the C. O. D. Consolidated Mining Company, which is being operated under a long time lease. Assays of samples from the new strike are now being made, according to the Tribune.

According to Manager Turner the property will in a few days again become a shipper, as a direct result of the operations of the leasing company. It is calculated that the property will ship a 5-ton carload of ore every other day. Manager Turner estimated that there is at present in sight in the workings, ready to be broken down and shipped 3000 tons of ore. The ore will be treated at the Bonnie Clare mill.

GOLDFIELD CONSOLIDATED MADE GAIN LAST MONTH

The report of Goldfield Consolidated for February shows that, while 3467 tons of ore were reduced by the mill than in January, yet the earnings exceeded that month's by over \$17,000. The total production was 26,731 tons and the net realization \$182,182.95.

HEAVY VOTE SURE AT THE SCHOOL ELECTION ON SATURDAY

CAST YOUR BALLOT AT THE OLD PRIMARY BUILDING EARLY IN THE DAY

The registration for the school election added 129 voters to the list already enrolled on the great register and entitled to ballot for school trustees. The election occurs next Saturday at the old primary school building directly in front of the new high school. Polls will be open from 9 a. m. to 5 p. m. and the trustees urge on everybody the necessity for going early so as to avoid confusion and congestion.

The following officers of election will have charge of the polling place: W. S. Bryden, Joseph H. Norris, Andrew Service, Charles A. Smith, E. A. Addison and T. J. Flynn.

Those who voted at the last election and are included in the school district, which embraces virtually all of Tonopah, are entitled to vote regardless of the fact of any change in residence that may have occurred, so long as they still remain in the school district.

COLUMBIANS MAY INSTITUTE BRANCH IN CLARK COUNTY

KNIGHTS OF COLUMBUS PREPARING TO ESTABLISH A COUNCIL AT LAS VEGAS

Tonopah council, Knights of Columbus, has under advisement arrangements for instituting a new council of that order at Las Vegas. The necessary number of insurance members has been secured and the matter is up to the State deputy at Reno to decide whether or not the charter will be issued. This makes the fourth council in Nevada with membership in Reno, Goldfield and Tonopah. Charters can be issued only where there are enough insurance members to comply with the requirements of the national council of administration, as the order is designed primarily to protect widows and orphans in the event of death.

If arrangements can be made a special train will be run from Tonopah so members may attend without interfering with their business or losing more than one day on the round trip.

ADAMS-MCGILL COMPANY BUILD A BIG DAM

The Adams-McGill Company, which owns the Hot Creek ranch at Sunnyside, in Nye county, about 75 miles from Ely, has recently completed the construction of a dam one-half mile in length across the valley, which has conserved the waters of the stream, and forms a lake two and a half miles in length. It is estimated that enough water is held in storage to irrigate 1000 acres of land. The springs have an average flow of 800 miners' inches, which of itself will irrigate 1000 acres of land during an average season. The Hot Creek springs are considered the largest hot springs in the entire State, the waters of which have heretofore been allowed to run to waste, except a small portion which was used for irrigating purposes. From the extensive improvements which have recently been made on the place, it is probable that the company expects to engage in extensive agricultural pursuits. The Sunnyside country is in White River valley, which is noted for its fertility.

THREE MEN KILLED IN AN ARKANSAS FEUD

LITTLE ROCK, Ark., March 30.—Three men were shot and killed and a woman probably fatally wounded as the result of a feud at Nogo, Ark.

"UNSPEAKABLE HUMILIATION OF REPUBLIC" MORE CONTEMPTIBLE THAN WORDS EXPRESS WITH UNCLE SAM SHACKLED IN WAR

(By Associated Press.)
WASHINGTON, March 31.—In an atmosphere tense with excitement the House struggle over the tolls exemption repeal advanced to the last stage. There was a full attendance on the floor, and galleries, crowded to capacity, awaited the conclusion

of the verbal battle, and a deciding vote is expected late today.

Man contended no construction of the Hay-Pauncefote treaty compelled the United States to charge the same tolls to its own vessels as levied on foreign. Economic questions might be changed, he said, but a decision

on treaty rights would be everlasting. He charged England's attempt to secure her construction of the treaty for a far distant future when it is inevitable wars will come. He pictured the possibilities of United States embarrassment.

William E. Humphrey, Republican

of Washington, denounced the Democratic position as "more contemptible than the English language can express" and the policy caused by the administration's "egotistical blunders" in the Mexican situation.

When Humphrey declared "But for an injustice, the great patriotic speaker of this House would today be occupying the White House," the galleries joined the floor with a round of applause.

Speaker Clark, in closing the debate against repeal, disappointed those who expected him to attack Wilson. He disclaimed absolutely any personal issue with the president and said he believed Wilson actuated by the highest patriotic motives but mistaken as regarding the whole situation. He said the Democratic party was not disrupted or split and urged standing by the plank which favored exemption. Speaker Clark denied he had any idea of seeking the next presidential nomination and bitterly attacked newspapers which attributed such motive to his opposition to the repeal. He insisted he had supported Wilson loyally since his nomination. He spoke lengthily, going into details, urging defeat of the Sims bill, closing with an impassioned rhetorical, oratorical plea to "prevent this stupendous folly—this unspeakable humiliation of the American republic."

Administration leaders began support of the Sims bill before a turbulent house. The indications favor a final vote at 6 o'clock tonight.

MORE MEN LAID OFF IN EAST

ERIE DROPS 6000 AND PENNSYLVANIA TAKES OFF TEN TRAINS

(By Associated Press.)
NEW YORK, March 31.—The Erie railroad has announced a general retrenchment order, including a reduction of the clerical force, wage cuts and lessening of working hours to aid in offsetting declining revenues. About 6000 men have been laid off since December.

(By Associated Press.)
PITTSBURGH, March 31.—Retrenchment on Pennsylvania lines in the west was extended with the announcement that 10 trains will be taken off, six of which are suburban. Shop forces also are being reduced.

SUSPEND TARIFFS GIVING A SWING TO INDUSTRIALS

THREE MONTHS MORE UNDER THE PRESENT SCHEDULES ORDERED

(By Associated Press.)
WASHINGTON, March 31.—All new tariffs, approximately 4000, filed by railroads eliminating allowances to industrial railroads, have been suspended by the interstate commerce commission until July 30, excepting those affecting the United States Steel Corporation and other iron and steel companies. Tariffs would have been effective at midnight.

LOWER RAILROAD RATE ON SPUDS AND ONIONS

Effective April 27, 1914, rates on potatoes and onions, moving from all points on the Nevada Copper Belt railroad to Tonopah and Goldfield will be reduced between 80 cents and \$1.50 per ton. As an example, the present rate from Wilson to Goldfield is \$12.50 per ton, while the new rate will be \$11.00 per ton.

FORMER RENO MAN DEAD IN ARIZONA

Paul D. Roberts, former manager of the Riverside Mill Company, Reno, until he left with his family a few months ago, died Friday night at Phoenix, Ariz. The body will be returned to Colorado for interment.

TEMPERATURE REPORT

Highest temperature yesterday, 46; a year ago, 67.
Lowest temperature last night, 29; a year ago, 47.

Butler Notifies West End to Desist Work

The Jim Butler company served notice this morning on the West End company to vacate the territory they occupied Sunday at midnight and to cease operations on this piece of ground. No attention was paid to the warning and the force of miners employed in stopping was allowed to continue without any cessation.

This action is regarded as the forerunner of injunction proceedings.

ZEB IS NAMED SUPERINTENDENT CONSTRUCTION

SENATOR KENDALL GOES TO SAN DIEGO TO ASSUME EXPOSITION WORK

This morning Senator Zeb Kendall received a telegram from George Mills, president of the Nevada exposition board of managers, advising him that he had been appointed superintendent of construction and ordering him to proceed with due haste to San Diego to assume the duties of his office. The long statesman from Nye county will leave in the morning and wishes to notify his friends who stray down into the first port of the United States that he will be glad to see them at any time they have any entertaining to do.

The appointment of Zeb Kendall was hung up for some time on the principle that no one holding a position in the service of the State could qualify. This was interpreted against Kendall owing to the latter being a holdover senator, but the objection does not appear to have been sustained.

AUTO TRUCK MAKES GOOD ROAD RECORD

ROUND TRIP TO RAILROAD VALLEY FURNISHED IN SHORT ORDER

Jake Alling, better known as "Car-buretor Jake," is making a record with his two auto trucks that are now running regularly between Tonopah and surrounding camps to the east of this place. Last Saturday he returned after delivering two and a half tons of piping and machinery to the Railroad Valley Company and reports that he completed the round trip of 220 miles without a mishap or delay of any kind. He left Tonopah Thursday morning and was back in the garage at an early hour Saturday afternoon. This morning Jake took on another load to Mormon Wells.

DR. HALL ACQUITTED AT WINNEMUCCA

The jury in the case of Dr. G. U. Hall, on trial for manslaughter, returned a verdict of not guilty Saturday afternoon after having been out only a few minutes.

TOP HEAVY SYSTEM TOTTERS

INTRODUCTION OF FEDERAL METHODS ONLY SALVATION OF ENGLAND

(By Associated Press.)
LONDON, March 31.—Establishment of a federal system of government for the British Isles was suggested to the House of Commons by Sir Edward Grey as a solution of the home rule difficulty in the House, which is engaged in debate on the second reading of the home rule bill. "I believe," said Lord Grey "if the present difficulty is not solved by introduction of the federal system, the country will go under through sheer inability of Parliament to transact its business."

A VICIOUS PORKER ASSAULTS LITTLE GIRL

Irene Bellini, the little 2-year-old daughter of a prominent family of the Italian colony of ranchers on the Carson river, is rapidly recovering from injuries received from a hog which for a time promised to prove fatal. About a week ago the little tot was playing alongside a fence that ran along a ditch. She ran her hand through the wires, dipping into the water, when one of the largest of the porkers grabbed her arm in an endeavor to pull the child through. She screamed and the vicious animal was driven off. The parents rushed the injured child to the office of Dr. Vor Hadesky, who dressed her wound and replaced the right shoulder, which had been nearly drawn from the socket by the furious beast.—Carson News

RENO MAN CRUSHED UNDER WHEELS OF WAGON

RENO, March 31.—G. E. Burner was instantly killed yesterday at 1:45, his back being broken as a heavily laden wagon passed over his body. He was engaged in loading lumber from a wagon into a car. The horses started to run away. Mr. Burner attempted to check them, but the load of lumber shifted and he was thrown to the ground, falling upon his face. The wheels passed over his body.

BATTLE OF TOPREON REPORTED IN PROGRESS

(By Associated Press.)
JUAREZ, March 31.—Excepting a brief message that the battle of Topreón is still in progress, nothing is known about what is transpiring.

ACQUITTED OF MURDER

(By Associated Press.)
OAKLAND, March 31.—Mrs. Millie Brown was acquitted of the charge of murdering her husband, Archer C. Brown, in October.

NO FEAR OF FLOOD

The water gauge at Winnemucca has remained stationary for the past several days at 107 feet. The Humboldt is said to be falling in the eastern part of the State, due to cold weather, and no flood is feared.

JACK SALSBUURY came in from San Francisco this morning and continued on to Manhattan.

CLEAN HEALTH BILL FOR TONOPAH TOWN

The big clean-up of Tonopah has been completed and the medical inspectors from the State University are invited to come hither and issue the first certificate in Nevada of a real spotless town. The work was done in a satisfactory manner after the first day's experience, when the chief of police did not have enough wagons to take care of the streets and alleys. This fault was remedied the second day when more wagons were employed and the clean-up proceeded until every corner of the residence section was swept clear of all rubbish. One team was laid off this morning and now the detail will be concentrated on the three gulches in the lower part of town, which are badly in need of attention. If anybody has been overlooked they should phone the chief of police.

EXPULSED PUPIL CONFESSES HE KILLED HIS TEACHER

LITTLE FALLS, N. Y., March 31.—Jean Glanini, under arrest for the murder of Miss Lydia Beecher, the young school teacher who was found beaten and strangled to death in the woods near Poland, has confessed his guilt, according to District Attorney Farrell.

14-YEAR-OLD BOY IS RICHEST IN WORLD

NEW YORK, March 31.—John Nicholas Brown, after whom Brown university was named, becomes the "richest boy in the world" under a supreme court decision handed down Saturday and made known today.

Portable motors and aerial propellers have been placed on the market for bicycles, canoes and ice craft.

Army In Jail At Los Angeles

(By Associated Press.)
LOS ANGELES, March 31.—The "army" of unemployed, numbering 92, was arrested and jailed, charged with violation of an ordinance forbidding camping in the river bed.
